ITALIAN COFFEE TRADITION UPDATED WITH THE LATEST TECHNOLOGY

The Gaggia La Vetro is the culmination of intensive, innovative work to launch a new espresso coffee machine series, blending advanced features, refined aesthetics, and high durability for professional settings.

It embodies the connection between tradition and continual innovation, designed to deliver an exceptional espresso experience: with state-of-the-art technology, La Vetro ensures full control over every parameter in the coffee-making process, from temperature to extraction pressure, guaranteeing precision in every cup.

OUTSTANDING FEATURES HIGHLIGHTS

FUNCTIONAL DESIGN

- Modern, minimalist design: sharp, elegant, eye-catching lines and curves to match modern or traditional décors.
- Meticulous finishes that enhance the product's overall perception, durability and aesthetics.
- Solenoid valves are integrated.
- Interface and glass surfaces that are easy to keep clean.

FASTER MAINTENANCE

- Removal of the panels (from the side and from the rear) without removing the cup tray.
- Quick and easy access (side and front) to the inside.

SUSTAINABLE

- Eco mode software, insulated boiler, sustainable materials

MACHINE FOR EVERYONE

Ergonomics designed for the barista:

- Intuitive controls: user-friendly interface with indicators and push-buttons that can be easily understood by any user.
- Ergonomically designed for comfortable and safe operation with a high tactile comfort.
- PID control temperature (high-consistency).
- Possibility of using the capsule filter holder kit on the entire range.

MAXIMUM FEATURES AND FUNCTIONALITY

LA VETRO

OPTIONAL:

- Cup warmer
- LED in side panels with diffuser
16 possible colour configurations
- Filter holder kits for different capsule formats
- Boiler isolation
- Smartia: Intelligent connectivity solution for the control and remote management of efficiency and productivity

LA VETRO

DESIGN, QUALITY AND RELIABILITY

DESIGNED FOR PROFESSIONALS WITH REFINED FINISHES

The Gaggia La Vetro boasts an elegant, modern design with detailed finishes that adapt to the decor of any setting. Furthermore, it operates in a convenient and secure manner, with an intuitive, touch-sensitive interface featuring backlit dials and buttons that are easy to use.

The built-in PID temperature control ensures a high level of consistency in coffee quality and allows for precise adjustment of water temperature, ideal for brewing different types of tea.

EFFICIENCY AND RELIABILITY

This energy-efficient model features eco-friendly software and an insulated boiler to minimize energy use. Maintenance is simple, with easily removable panels for quick servicing. Additionally, 95% of user-contact surfaces are made of tempered glass—an elegant, durable, and recyclable material that's easy to clean.

Sustainability was central to this design, which includes recyclable components and eco-conscious packaging aligned with circular economy principles.

**THE SUCCESS STORY OF ONE OF THE WORLD'S
MOST WELL-KNOWN ITALIAN BRANDS BEGAN
IN THE MILAN OF THE '30s**

It was 1938 when Achille Gaggia, a bartender with a scientific mind, revolutionized the way that aroma was extracted from coffee beans by inventing espresso topped by natural creamy foam: since then a distinctive pleasure that has conquered the world.

The mission of Gaggia Milano is now that offer export the true Italian coffee experience throughout the world thanks to coffee machines of sophisticated design.

Innovation, while respecting tradition, is the strength behind the entire range of professional machines: thanks to cutting-edge technology and an eye to the future, Gaggia Professional is able to meet the needs of Professional users and consumers worldwide.
